

Creating Your myMetronet Portal Account

Go to metronet.com/portal
Click **Create New Account**

The screenshot shows the myMETRONET PORTAL login page. At the top is the logo. Below it is the text: "Access billing information, make payments, manage services - anytime, anywhere!". There are two input fields: "Email Address:" and "Password:". Below the password field is a "Forgot password?" link. A green "LOG IN" button is centered. Below the button is the text "First time user?" and a red-bordered "Create New Account" link.

Complete the **Create Account Form**

The screenshot shows the "Create Account" form. It includes a note: "All fields are required. Note: For business accounts, please use the first and last name of the primary contact on the account, not the name of the business entity." The form has fields for "First Name", "Last Name", "MetroNet Account Number" (with a "What's New?" link), "Email Address", "Password" (with a "Requirements" link), and "Confirm Password". Below these are three "Security Questions" sections, each with a "Choose a Question" dropdown and an "Answer" field. At the bottom, there is a checkbox for "I have read and agree to these Terms and Conditions." and a green "CREATE ACCOUNT" button.
